# La Procesi3n de Verges

La Procesi3n de Verges es una antigua tradici3n que tiene sus ra3ces en el teatro catal3n de la 3poca medieval. Se celebra una vez al a3o y cuenta con la participaci3n de todo el pueblo. Consta de dos partes. La primera empieza con la representaci3n teatral del Misterio de la Pasici3n en la Plaza Mayor, con las murallas y las torres medievales como decorado. La segunda sigue con la procesi3n que recorre las calles del pueblo hasta finalizar con la Crucifixi3n.

La Danza de la Muerte es el elemento que hace que la Procesi3n de Verges sea tan especial. Las danzas de la muerte fueron muy populares en Europa entre los siglos XIV y XVII, a ra3z de diversas epidemias, y se difundieron por otras partes del mundo. Antiguamente, era habitual encontrar esta modalidad de danzas en las procesiones de Semana Santa. Hoy en d3a, todas han desaparecido, a excepci3n de la de Verges.

## The Verges Procession

The Verges Procession is an ancient tradition that has its roots in the Catalan theatre of Medieval times. It is celebrated once a year and has the participation of the entire town. It consists of two parts. The first part is the Passion Play in the main square with its medieval walls and towers. The second part is the procession that runs through the streets of the town ending with the Crucifixion.

The Dance of Death is the most special element of the Verges Procession. The dances of death were extremely popular in Europe between the 14th and 17th centuries, due to several epidemic events, and soon expanded to other parts of the world. In the past, these kinds of dances were deeply rooted in our area and were incorporated into Holy Week processions. Nowadays, all of them have now disappeared except for the one in Verges.
